

Meander "Dancing Within A Spring"

Visit "[Dancing Within A Spring](#)" on MotoLyrics.com

Leaves on trees smoothed out again,
Vortex of blossom is twisting me in,
Breathing with blooming, growing with rain
Let it be the spring of my Sea

Rigor Mortis's crawled away
Under mossy snags,
On the meadows, in the woods
Nymphs and Fairyes dance

So, Cold is in the past,
And realm of sun has come
As flowers go rounddance
They'll bring us far away
Reckoning night
As an eternal day

Dancing with the meadowwinds,
Dancing within spring on my sunny wings

Camomiles celebrate,
Blue-bells're playing chimes,
In the shade of a bramble bush
Periwinkle lies

I am inside
Every blade of grass
Watching dragonflies
With my inflorescence eyes
