(Spoken)

In one sense we are always travelling,
And Travelling as if we did not know where we were
going.
In another sense we have already arrived.
We cannot arrive at the perfect possession of Love in
this life:
That is why we are travelling and travelling in this
darkness.
But we already possess Love by grace.
Therefore, in that sense, we have arrived and
Are dwelling in that light.
But oh! How far have you and I to go to find
That love in Whom we have arrived.

Will you stand with us?
As the sun goes down on another day
We'll keep singing
for those who never make it out alive
for those who never make it out alive
(Here is something) indestructible
Something we're fighting for
And we're breaking down the door

I have to learn these verses if only in this moment that I
am with you
Remember all the words you said
I remember all the words
These Cadences
These songs I will remember

I need a strong and generous heart
if you are feeding us the bread of tears
Burn paradise and douse the flames
Burn paradise
So we are living for today
