It hurts so bad  
I'm almost falling apart  
It's oh so sad the way you broke my heart  
You took my soul, you took my bleeding heart  
You left me with the memory of how it feels to love  
Since I know you I don't know myself  
I used to say heartaches will always heal in time  
I used to say get over it, but now the heart is mine  
Chorus:  
You left me with a broken heart  
And I just can't get over you  
You left me with a broken heart  
Now what am I supposed to do?  
You twisted my reality of what to be or not to be  
You left me with a broken heart  
I feel you soul  
I feel you in my heart  
I'll be here for eternity  
Our souls will never be apart  
Since I know you I don't know myself  
My lonely soul is longing to be by your side  
But day by day I realize that you never will be mine  
Why can't you be mine?  
Chorus  
Why did you left me with a broken heart?  
Why sis you left me all alone?  
I'm crying  
Why did you left me with a broken heart?  
Why sis you left me all alone?  
Chorus  
How much must I bare  
To share my love?  
How much must I give to you  
What else can I say  
Every time  
Yeah man
