You know move I never fake.(scratched x7)  
Society is a drag, so why not drop it?  
You are sleeping.  
Lord help me, fill me up.  
They'll be singing.  
Lord help me, fill me up.  
It's the same wherever you are, his voice rocks.  
(overlapped x3)  
One hundred twenty million nine hundred fouty six  
thousand, tree hundred fourty six. Nine hundred fourty  
six thousand.  
Society is a drag,  
Set me free, give your body it's freedom, what does it  
all mean.  
Lord help me, fill me up.  
They'll be singing.  
Lord help me, fill me up.(x3)
