I caught a glimpse of myself today  
Wasn't a pretty picture, I must say  
Well, I threw a dagger of poison words  
Straight for my heart, was it deserved?

Well, it's too late to make up some excuse  
And say it wasn't me, well, what's the use?  
Oh, you've seen too much  
Ooh, let me introduce you to

This is my anger, this is my shame  
These are my insecurities that I can't explain  
This is my fortress, crumbling 'round my feet  
Take a good look, baby, this is all of me

They found that nerve deep in my soul  
Poised and ready to explode  
And no one else on earth but you  
Could get close enough to light that fuse

And you crawled up underneath my skin  
Crept now through my veins and through my head  
Ooh, you got so deep  
You might as well get to know the rest of me

This is my anger, this is my shame  
These are my insecurities that I can't explain  
This is my fortress, crumbling 'round my feet  
Take a good look, baby, this is all of me

We all live under the same roof  
We go by the same name  
It saddens me to think that I cannot  
Turn back the hands of time

This is my anger, this is my shame  
These are my insecurities that I can't explain  
This is my fortress, crumbling 'round my feet  
Take a good look, baby

This is my anger, these are my doubts  
These are my emotions all strung out

This is my fortress crumbling 'round my feet  
Take a good look, baby, this is all, this is all of me

This is all of me,  
oh, this is all of me  
This is all of me
