So this is what it feels like
To be the one left behind
To give it all you've got then find
You've already changed your mind

And this is what it sounds like
Cryin' on the bed that we both made
Waiting for a sign that you just can't give me
Any kind of sign

And I don't wanna be here wide awake
Clinging to a love that can't be saved
And hangin' off the edge of
Every word that you say

And so I asked myself, "Do I love you so much
That I'm willin' to let you go?"
And at the tip of my tongue the answer was "Yes"
But at the bottom of my heart I'm wondering

Did I say that? Oh, no no
Did I say that? Oh
Sometimes, you know I over react
And what I say is not a matter of fact
And I wish that I could take it all back

And you know I'd drag myself
Through fire at your side
And you know the gates of Heaven
Are surely open wide

And I need some sympathy here
And I need someone to call my own
I'm standing in the light of my mistakes
And beggin' you, "Come home"

And I know you need
Some time to run and hide
But the truth is hard to swallow
When you're choking on your pride

So I asked myself, "Do I love you so much

That I'm willin' to let you go?"
And at the tip of my tongue the answer was "Yes"
But at the bottom of my mind I'm wondering

Did I say that? Oh, no no
Did I say that? Oh
Sometimes, you know I over react
And what I say is not a matter of fact
And I wish that I could take it all back

But I said that
And I wish that I could take it all back

And I need some sympathy here
And I want a love to call my own
I wanna take you in the back seat now
And slowly drive you home

And I know you need
Some time to run and hide
But the truth is hard to swallow
When you're choking on your pride

And I don't wanna be this wide awake
Fighting for a love that I can't save
And hangin' off the edge of every word you say
Knowing that it might make me cry

And don't want to be this complicating
You can drag it out but I'll be waiting
I stumbled on, "I love you", tonight
But it sounded like 'Goodbye'

Did I say that, did I say that?
Oh, did I tell you that I loved you 'cause it
Would've been a matter of fact?

Did I say that?
(This time I'm not letting go)
Did I say that?
(This time I'll have and I'll hold)
Oh, did I tell you that I loved you 'cause it
Would've been a matter of fact?

Oh, did I say that?
(This time I'm walking through fire)
Did I say that?
(This time I'll feed your desire)
Did I say that?
(This time I'll stand by your side)
Oh, did I say that?

(This time I will be your pride)

Oh, did I say that?

(This time I'm not letting go)

Did I say that?

(This time I'll have and I'll hold)

Did I say that?

(This time I'm walking through fire)

Did I say that?

And I wish that I could take it all back

So this is what it feels like

To be the one left behind

To give it all you've got then find

That you've already changed your mind
