### "Everything Under The Sun"

Everything under the sun  
I hope we're going to get things done  
Everything under the sun  
There's something here for everyone  
Just take a look inside  
And surely you will see  
That there's a little bit of good in everyone  
And it's up to you and me

Everything under the sun  
We're gonna lay the foundation  
Everything under the sun  
Total end to destruction  
Everything under the sun  
The answer's everlasting love  
Everything under the sun  
We're gonna get along as one

Just take a look inside  
And surely you will see  
That there's a little bit of good in everyone  
And it's up to you and me

Everything under the sun  
Brotherhood and salvation  
Everything under the sun

Everything under the sun  
Total end to destruction  
Everything under the sun

Everything (everything)  
Everything (everything)  
Everything under the sun  
Everything (everything)  
Everything (everything)  
Everything under the sun  
Everything (everything)  
Everything
