When the wind is howling through your window pane
It's not the only pain of the night
Your burning up in your bed, you gotta fever of love
And there's not an antibody insight
Hey jenny, jenny why are you crying
There's a beauty of a moon in the sky
But i guess when you've been leading such a sheltered
life
You never lift your head and look so high

You don't have a lot
But it's all that you've got
And you can turn it into more than it seems
Just give it a shot
Fantisize every movement
And imagine every inch of your dreams

And no one said it had to be real
But it's gotta be something you can reach out and feel
now
It ain't right
It ain't fair
Castles fall in the sand
And we fade in the air
And the good girls go to heaven, but the bad girls go
everywhere
Ooh now good girls go to heaven, but the bad girls go
everywhere
Sombody told me so
Somebody told me now i know
Every night in my prayers
I'll be praying
That the good girls go to heaven, but the bad girls go
everywhere

When the sweat is sizzling
On you skin in the dark
And your desperate now for somewhere to turn

Every muscle's in rebellion
Every nerve is on edge

And every limb is being erotically burned

Hey johnny, johnny why are you shaking?
When a boy should do whatever he can
You've been nothing but an angel
Every day of your life and now you wonder what it's like
to be bad

You don't have a lot
But it's all that you've got
And you can turn it into more than it seems
Just give it a shot
Fantisize every movement
And imagine every inch of your dreams

And no one said it had
