Not a dry eye in the house  
After love's curtain comes down  
Listen an you'll hear the sound  
Hear the sound of a heart breaking...  
I can still see you standin'there  
Midnight wind blowin'through your hair remember  
Kisses sweet in the salty air  
When love was forever  
Turn the page and we fade to blue  
The scene hat changed now I'm without you well you  
just  
Walked away when the act was through  
And the dream was over  
It was almost like a movie  
the way you said good-bye  
You must have spent a lot of time rehearsing each and  
every line  
Now there's not a dry eye in the house  
After love's curtain comes down  
Listen and you'll hear the sound  
Hear the sound of a heart breaking - breaking  
Not a smile left on my face  
The ending's just too sad ta takeAnd there's not a dry  
eye  
Not a dry eye in the house...  
The greatest story was you and me  
We had it all we had everything, but now the  
Story's done it's just history  
The last act is over  
Your every line hat the sweetest sound  
Your every touch turned my world around  
But then the light came up and my world crashed down

End of show  
It's over....  
It was almost like a movie  
Those nights we touched the stars  
Time stood still for you and I  
Now it's sad enough to make you cry ...  
And there's not a dry eye in the house  
After love's curtain comes down  
Listen and you'll hear the sound

Hear the sound of a heart breaking - breaking  
Not a smile left on my face  
The ending's just too sad to take  
And there's not a dry  
eye  
Not a dry eye in the house  
... Act one - the story's just begun  
Act two - I fell in love with you  
Act three - knew it was meant to be  
Act four - you don't love me no more...  
Not a dry eye in the house  
After love's curtain comes down  
Listen and you'll hear the sound  
Hear the sound of a heart breaking - breaking  
Not a smile left on my face  
The ending's just too sad to take  
And there's not a dry  
eye  
Not a dry eye  
Not a dry eye in the house  
After love's curtain comes down  
Listen and you'll hear the sound  
Hear the sound of a heart breaking - breaking  
Not a dry eye in the house  
Not a dry eye in the house  
Not a dry eye in the house
