You can't run away forever,
But there's nothing wrong with getting a good head
start
You want to shut out the night
You want to shut down the sun
You want to shut away the pieces of a broken heart

Think of how we'd lay down together
We'd be listening to the radio so loud and so strong
Every golden nugget coming like a gift of the gods
Someone must have blessed us when he gave us those
songs

I treasure your love
I never want to lose it
You've been through the fires of hell
And I know you've got the ashes to prove it
I treasure your love
I want to show you how to use it
You've been through a lot of pain in the dirt
And I know you've got the scars to prove it

Remember everything that I told you
And I'm telling you again that it's true
When you're alone and afraid
And you're completely amazed
To find there's nothing anybody can do
Keep on believing
And you'll discover baby

There's always something magic
There's always something new
And when you really really need it the most
That's when rock and roll dreams come through
The beat is yours forever
The beat is always true
And when you really need it the most

That's when rock and roll dreams come through....for
you...

Once upon a time was a backbeat

Once upon a time all the chords came to life
And the angels had guitars even before they had wings
If you hold onto a chorus you can get through the night

I treasure your love
I never want to lose it
You've been through the fires of hell
And I know you've got the ashes to prove it
I treasure you love
I want to show you how to use it
You've been through a lot of pain in the dirt
And I know you've got the scars to prove it

Remember everything that I told you
And I'm telling you again that it's true
You're never alone cause you can put on the phones
And let the drummer tell your heart what to do
Keep on believing
And you'll discover baby

There's always something magic
There's always something new
And when you really really need it the most
That's when rock and roll dreams come through
The beat is yours forever
The beat is always true
And when you really really need it the most
That's when rock and roll dreams come through...for
you...
