### "Song Of Madness"

I dreamed there was a magic song I played for the  
queen 'neath the golden throne  
My heart flowed through my broken voice to her  
The queen did smile and she did cry my fingers bled a  
thousand lives  
A red-teared river flowed our lives between us  
Her majesties tears and the pauper's blood an angels  
breath and the devil's touch  
The song of madness madly crying to her

You're a wolf in a lamb's disguise  
a cold lover with a warm invite  
morning gonna carry us to our grave  
Dream a dream in agony  
sweetest dream you'll ever see  
make my dream reality oh carry me  
carry me to my grave

She placed the blade within the king's throne and in  
mine did I place my own  
with the lamb's blood we purchased our sin's pardon  
The sky ripped open and the shadows bled the moon  
blew out and the stars burned red  
the song of madness madly crying to her

On a night such as this  
an angel's lips and the devil's kiss  
morning gonna carry me to my grave  
Dream a dream in agony  
the sweetest dream you'll ever see  
make my dream reality  
carry me  
carry me to my grave  
oh carry me  
carry me to my grave

The song of madness madly crying to her  
The song of madness shot like lightning through us  
The song of madness madly crying to her  
Madness

Madness  
Madness

My god my queen just lie to me  
make me believe that I am king  
and by morning

You're a wolf in a lamb's disguise  
a cold lover with a warm invite  
morning gonna carry us to our grave  
Dream a dream in agony  
sweetest dream you'll ever see  
make my dream reality and carry me  
oh carry me  
carry me to my grave  
carry me to my grave  
carry me  
carry me to my grave
