I ain't livin' here no more
I ain't even keepin' score
It's too late to change, it's over
I'm drownin' in a sea of tears

Nothin' I can say to you
Makes any difference
There ain't nothin' I can do
None of it's makin' sense

Standing on the outside
(I'm lookin' in at you)
Standing on the outside
Standing on the outside
(I'm running out of time)
Standing on the outside
(Oh)

I'm so tired of bein' alone
In a world that feels so cold
There's got to be a light that I can find
There's got to be a soul somewhere that shines for me

Now I don't want to live without love anymore
I just wanna live my life
Love's gonna open up the door
Show me it's light again

Standing on the outside
(I'm lookin' in at you)
Standing on the outside
Standing on the outside
(I'm running out of time)
Standing on the outside

Nothin' I can say to you
Makes any difference
There ain't nothin' I can do
None of it's makin' sense

Standing on the outside
(I'm lookin' in at you)

Standing on the outside
(Oh)
Standing on the outside
(What can I do?)
Standing on the outside

Standing on the outside
(I'm lookin' in at you)
Standing on the outside
(Yes, I'm lookin' in at you)
Standing on the outside
(I'm lookin' in at you)
