[CHEF]

Tonight is right for love, you know I  
Wanna touch you where the lights don't go  
Tonight is right for love  
With Meredith Baxter-Birney

Expressing love so sweet,  
I'll keep you burning like a dog in heat  
Tonight is right for love  
With Meredith Baxter-Birney

We had a love that was so magical  
With Meredith Baxter-Birney burning, burning in my  
soul  
I'm not talking about Meredith Baxter-Birney today, no  
I'm talking about Meredith Baxter-Birney  
That was on Family Ties two years ago

[MEAT LOAF]

After the love comes a darkness in hell  
A demon inside you like a bottomless well  
Nothing is safe and everything is a lie  
Love doesn't last, no matter how hard you try  
Burnin', burnin', through your brain  
Unthinkable pain...

(CHEF: Meat)

But when you finally realize that it's all in vein

(CHEF: Meat Loaf)

Splinters of wood, they can be forced through your  
eyes

(CHEF: Meat Loaf)

Cheese graters of steel (CHEF: Meat!!!) being rubbed  
in your thighs

(CHEF: Meat!!!)

Your skin is (CHEF: Hey Meat!) comin' off and you

(CHEF: MEAT LOAF!!)

Railin' in salt, WHAT?!

[CHEF]

Where are you goin' son?

[MEAT LOAF]

Oh... gosh...

[CHEF]

Come back to us, we're over here

[MEAT LOAF]

OK, Oh, sorry Chef, man. Sorry

[CHEF]

OK son, but this song is about Meredith Baxter-Birney,  
alright

But not about splinters of wood in your eyes

[MEAT LOAF]

You're right

[CHEF]

Here, have a taco

[MEAT LOAF]

Taco, great, I need a taco

[CHEF]

You're messing up stuff with Meredith Baxter-Birney.

OK?

[MEAT LOAF]

Mmm. Yeah, great

[MEAT LOAF & CHEF]

Tonight is right for love

[CHEF]

The rain is fallen and Jay Leno is on

Let's turn down the lights, turn up the volume

And go crazy

I'll touch your body and soul

And change the channels with remote control

[MEAT LOAF & CHEF]

'Cause tonight is right for love

[CHEF]

With Meredith Baxter-Birney
