You sure of what your name is  
You sure of where ya live  
You know how much you make  
Ah, you know how much you give  
You know where your house is  
You know which road to take  
Ah, but you're sure 'bout lots of things  
Look out there's one mistake

There just ain't no doubt  
There's just one thing you're never too sure about  
Never can be too sure about the girl  
Oh, you can never be too sure about the girl  
You leave her there, when you get back  
She calls you Bill, when your name is Jack  
Never can be too sure about the girl

You know about the truth  
You can see it in her eyes  
One thing you know about love  
It'll cut you down to size  
You hear what they tell you  
Do you do what you're told  
And if they say yes --  
Does it mean it's really so?

You're ready for the thrill tonight  
You think you'll take it slow  
But she's forgotten more, boy  
Then you will ever know

She calls you up in the middle of the night  
She says she's lonesome and alone  
You're all revved up, finally some place to go  
You knock on that door --  
Nobody's home

Never can be too sure about the girl  
Oh...you never can be too sure about the girl  
You leave her there, when you get back  
She calls you Bill, when your name is Jack  
Never can be too sure about the girl

Oh...you never can be too sure about the girl  
She'll drive you crazy...oh...girl
