On a hot summer night, would you offer your throat to  
the wolf with the red roses?

Would he offer me his mouth?

Yes

Will he offer me his teeth?

Yes

Will he offer me his jaws?

Yes

Will he offer me his hunger?

Yes

Again, will he offer me his hunger?

Yes!

And will he starve without me?

Yes!

And does he love me?

Yes

Yes

On a hot summer night, would you offer your throat to  
the wolf with the red roses?

Yes

I bet you say that to all the boys

It was a hot summer night and the beach was burning

There was a fog crawling over the sand

Oh, When I listen to your heart I hear the whole world  
turning

I see the shooting stars

Falling through your trembling hands

Ah, You were licking your lips and your lipstick shining

I was dying just to ask for a taste

Ah, We were lying together in a silver lining

By the light of the moon

You know there's not another moment

Not another moment

Not another moment to waste

Oh, well you hold me so close that my knees grow weak

And my soul is flying high above the ground

I'm trying to speak but no matter what I do

I just can't seem to make any sound

And then you took the words right out of my mouth

Oh, it must have been while you were kissing me

You took the words right out of my mouth

Oh, And I swear it's true

I was just about to say I love you (love you)  
And then you took the words right out of my mouth  
Oh, it must have been while you were kissing me  
You took the words right out of my mouth

Oh, And I swear it's true  
I was just about to say I love you (love you)  
Now my body is shaking like a wave on the water  
And I guess that I'm beginning to grin  
Ooh, we're finally alone and we can do what we want to  
Oh, The night is young  
And ain't no one gonna know where  
No one gonna know where  
No one's gonna know where you've been  
Ah, You were licking your lips and your lipstick shining  
I was dying just to ask for a taste  
Ah, We were lying together in a silver lining  
By the light of the moon  
You know there's not another moment to waste  
And then you took the words right out of my mouth  
Oh, it must have been while you were kissing me  
You took the words right out of my mouth  
Oh, And I swear it's true  
I was just about to say I love you (love you)  
And then you took the words right out of my mouth  
Oh, It must have been while you were kissing me  
You took the words right out of my mouth  
Oh, And I swear it's true  
I was just about to say I love you (love you)  
And then you took the words right out of my mouth  
(must have been while you were kissing me)  
Oh, you took the words right out of my mouth (must  
have been while you were kissing me)  
Ooh, you took the words right out of my mouth (must  
have been while you were kissing me)  
Oh, you took the words right out of my mouth (must  
have been while you were kissing me)  
Why, you took the words right out of my mouth (must  
have been while you were kissing me)  
Whoa, you took the words right out of my mouth (must  
have been while you were kissing me)  
Oh, oh, you took the words right out of my mouth, yeah  
(must have been while you were kissing me)  
Why, you took the words right out of my mouth (must  
have been while you were kissing me)  
Oh, you took the words right out of my mouth  
Whoa, it must have been while you were kissing me  
You took the words right out of my mouth  
Oh, it must have been while you were kissing me  
You took the words right out of my mouth  
Oh, it must have been while you were kissing me

You took the words right out of my mouth  
Whoa, it must have been while you were kissing me
