[Spoken:]

[Boy:] On a hot summer night,
would you offer your throat to the wolf with the red
roses?

[Girl:] Will he offer me his mouth?

[Boy:] Yes.

[Girl:] Will he offer me his teeth?

[Boy:] Yes.

[Girl:] Will he offer me his jaws?

[Boy:] Yes.

[Girl:] Will he offer me his hunger?

[Boy:] Yes.

[Girl:] Again, will he offer me his hunger?

[Boy:] Yes!

[Girl:] And will starve without me?

[Boy:] Yes!

[Girl:] And does he love me?

[Boy:] Yes.

[Girl:] Yes.

[Boy:] On a hot summer night,
would you offer your throat to the wolf with the red
roses?

[Girl:] Yes.

[Boy:] I bet you say that to all the boys!

[Sung:]

It was a hot summer night
beach was burning
fog crawling over the sand
When I listen to your heart I hear the whole world
turning
I see the shooting stars Falling through your trembling
hands

You were licking your lips and lipstick shining
dying just to ask for a taste
(oh now) lying together in a silver lining
By the light of the moon
You know there's not another moment
Not another moment

Not another moment to waste

well You hold me so close knees grow weak
soul is flying high above the ground
trying to speak but no matter what I do
just can't seem to make any sound

And then you took the words right out of my mouth
Oh it must have been while you were kissing me
You took the words right out of my mouth
oh I swear it's true
I was just about to say I love you (love you)

And then you took the words right out of my mouth
Oh it must have been while you were kissing me
You took the words right out of my mouth
oh I swear it's true
I was just about to say I love you (love you)

you took the words right out of my mouth
(must have been while you were kissing me)

you took the words right out of my mouth
(must have been while you were kissing me)

you took the words right out of my mouth
(must have been while you were kissing me)

oh you took the words right out of my mouth

(must have been while you were kissing me)

oh you took the words right out of my mouth
(must have been while you were kissing me)

oh yeah yeah yeah
(must have been while you were kissing me)

oh baby
(must have been while you were kissing me)

oh you took the words - oh
(must have been while you were kissing me)

oh, you know you did, you know, you know, you know
you did, yeah yeah
(must have been while you were kissing me)

uh, you took the words right out of my mouth
(must have been while you were kissing me)

you took the words right out of my mouth
(must have been while you were kissing me)

uh, you took the words right out of my mouth
(must have been while you were kissing me)

uh, you took the words right out of my mouth
(must have been while you were kissing me)

uh, you took the words right out of my mouth!
uh, you took the words right out of my mouth!
oh, oh oh yeah
(must have been while you were kissing me)
oh, you took the words right out of my mouth
(must have been while you were)

you took the words right out of my mouth
oh, it must have been while you were kissing me

(took the words right out of my mouth
oh, it must have been while you were kissing me)

you took the words right out of my mouth
stand up and sing this song!
oh, it must have been while you were kissing me
from your heart!
you took the words right out of my mouth
from your soul!
oh, it must have been while you were kissing me

you took the words right out of my mouth
oh, it must have been while you were kissing me
one big one
you took the words right out of my mouth
oh, it must have been while you were kissing me

you took the words right out of my mouth
oh, it must have been while you were kissing me
you took the words right out of my mouth
oh, it must have been while you were kissing me
you took the words right out of my mouth
oh, it must have been while you were kissing me
you took the words right out of my mouth
oh, it must have been while you were...!
