All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

Girl, how could you trip on a brother like me?  
I paid your rent, I bought you food and gave you money  
to spend  
And I'm not the type to throw shit back in your face  
But I paved the way for a brighter day when you had  
nowhere to stay

And it's kinda sad when you're tryin' to feel bad  
Over something you never had  
Keep playing games, things ain't the same  
I think you're with another man

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

I can remember back in 93'  
I was clocking G's, you was sweating me  
Ohh, I had plenty money

Sex every night, we used to flex in the sand  
Sayin' I'm the man six times to plan and I don't  
understand  
I can't wait in line to get my thing with you, never had  
no time  
For a brother like me no one can steal you from

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

Suddenly I wake up in the morning, find myself alone  
Can't do nothin' but think about you baby, so what else  
to do?  
Being in love, being in love, being in love, being in  
love, baby

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me

All I really wanna do is keep it real, keep it real  
Keep it real, keep it real with you  
All you really got to do is keep it real  
Keep it real, keep it real keep it real with me
