You restricted my every thought and move
You cheated when you knew that you would lose
You opened a crack behind my back
You left me here and never came back

They preach and force their views - They've no respect
Their Ignorance and Selfishness has a negative effect
Now they're Brutalized with no appreciation for Life

A fucking lethal combination
I Hope It Will All Come Back To You
Ten Times worse than anything you could do
I Know it will all come back to you

So many deaths in the name of One
One wrote a book with the blood of his son
One Raped, Tortured and Killed a young single Mum
One planted a Bomb in a Gay pub in London
