You're Nothing Special  
You're Nothing New  
I've seen it before  
Done better than you  
You're Nothing Special  
You're Nothing to me  
You're Nothing to anyone  
And never will be  
You're not much to look at,  
You've got nothing to say  
You're boring and pointless, so get out of my way  
'Cos I'm something special,  
I'm something else,  
I'm also not you - which definitely helps  
You're Nothing Special  
You're Nothing at all  
I cannot wait  
To see You fall  
You're Nothing Special!  
I've seen it before, done better than You  
I hate everything You do  
You're a waste of effort, and a waste of my time  
A walking abortion, and deserve to die
