Unending brakes  
All things around creep and fly  
The sun awakes  
Eroding the black of morning sky

I feel its pounce on my back  
So gruesome!  
I need to find the very track  
That leads to home!

[Chorus:]  
Strayed!  
I'm lost again  
Inside the backwoods of the sylvan maze  
I failed!  
It's all in vain  
I guess I'll never find my own trace  
My chest is melting in a squeeze  
My noodle is to bloat  
The foul stench of strawberries  
Incinerates my throat

My lovely vaults  
With mossy walls of soggy stones  
Droll somersaults  
Of tasty worms in mellow bones

The shady barrows where I grew  
Among the angels set in cry  
I want to get me there anew!  
Before I mummify!

[Chorus]  
Strayed!  
I'm lost again  
Inside the backwoods of the sylvan maze  
I failed!  
It's all in vain  
I guess I'll never find my own trace  
My chest is melting in a squeeze  
My noodle is to bloat

The foul stench of strawberries  
Incinerates my throat

Flowers  
The life is everywhere  
No any rotten dainty  
To fare

Hours  
Are melting thick and fast  
I need to get me out of here at last!

[Chorus]  
Strayed!  
I'm lost again  
Inside the backwoods of the sylvan maze  
I failed!  
It's all in vain  
I guess I'll never find my own trace  
My chest is melting in a squeeze  
My noodle is to bloat  
The foul stench of strawberries  
Incinerates my throat
