And it feels like
(And it feels like)
And it feels like
(And it feels like)
It feels like home

I don't know why, I don't know who can help me
I feel it from my feet, my body's raising
I got your hand in my hand, hand in my hand feels like
sand
My hand is flying in the higher place in space

I want to blow and move away
I'd like to take you if you dare

And it feels like
(And it feels like)
And it feels like
(And it feels like)
It feels like home

And it feels like
(And it feels like)
And it feels like
(And it feels like)
It feels like home

I want to blow and move away
I want to blow all my faith
So I can float in the air
I'd like to take you if you dare

And it feels like
(And it feels like)
And it feels like
(And it feels like)
It feels like home

And it feels like
(And it feels like)
And it feels like
(And it feels like)

It feels like home

And it feels like
(And it feels like)
And it feels like
(And it feels like)
It feels like home
