[Cadets:]

One man airs the cabins, one man scrubs the deck and  
One relieves the watch and be aware for mutiny in  
furtive  
One meal after praying, one of groats and raisins  
One meal beans with butter, there may be some  
leftovers for a last meal  
One day storm is coming, one day sun will rise  
The heat is unbearable, one day I will realise forever

[Commodore:]

One day I will sail  
Sail with me over sea to far horizons  
Try to defy storm and heat, don't leave in silence now

[Jeurian:]

Try to find  
My hammock is hanging in darkness here  
Before the mast  
The hold of the ship will be ours  
Sleep, can't sleep near beside of my fellows

[Cadets:]

Oppressing me

[Jeurian:]

Breathe, I'm leaving my breath here inside  
It's killing me softly now  
Can you feel?  
My body is aching this coldest night  
Can't you stand?  
The tropical heat during day  
Long, I'm longing for water so cold and fresh

[Cadets:]

Please drink with me

[Jeurian:]

Food, a poison that hurts in the flesh  
It's killing me softly now

[Cadets:]

One man airs the cabins, one man scrubs the deck and  
One relieves the watch and be aware for mutiny in  
furtive  
One meal after praying, one of groats and raisins  
One meal beans with butter, there may be some

The heat is unbearable, one day I will realise forever

[Commodore:]

One day I will sail  
Sail with me over sea to far horizons  
Try to defy storm and heat, don't leave in silence

[All:]

Sail with me over sea to far horizons  
Turn, turn the waves avoid the graves, don't leave in  
silence  
Sail with me over sea to far horizons  
Try to defy without lies, don't leave in silence and  
Trade to the East with me
