I know that there is no direction  
Far from anywhere I've been  
Too much of anything kills anyone  
Or so I think I've seen  
Don't let it fall don't let it in  
You needed more of everything  
Don't let it fall the chance to live  
And what is it you're after  
What it is to me  
What is it you're after now  
I need your help, I need protection  
Safe from things I cannot see  
My love is anything that's possible  
And what you mean to me  
And I feel naked, I cannot take it  
And I feel naked right now
