Swallow your poison.
Inhale the lies.
Your body speaks to me
From the inside.

Gallows hang morals
We once had.
Knives carve out cancer,
Good or bad.

Overcome the sickness, it's claimed too many lives.
Don't look back, we'll bleed you dry.
Please just leave me.
Exsanguinate thee.
Loathe and hate me.
I'll bleed you dry.
(Overcome the sickness, it's claimed too many lives.
Don't look back, we'll bleed you dry. [background 2x])

And I have a feeling,
No feeling is fine.
It will bleed you dry [2x]

Please just leave me.
Exsanguinate thee.
Loathe and hate me.
I'll bleed you dry.
(Overcome the sickness, it's claimed too many lives.
Don't look back, we'll bleed you dry. [background 2x])

And I have a feeling,
No feeling is fine.
It will bleed you dry [2x]

Oh there's hell and there's pain
Magnified in our eyes.
And I have a feeling,
That no feeling is fine.

And I have a feeling,
No feeling is fine.
It will bleed you dry [2x]

It will bleed you dry
Yeah, yeah, yeah
