Can't accept rewards that I've received  
This fear of losing leaves it's scars on me

I'm sorry I didn't fit in  
I'm sorry that I've got a complex  
I'm sorry but my life is a joke

I'm sorry I seem to have failed you  
I'm sorry that my life is a mess  
I'm sorry but I don't have the answers

I'm sorry but I did my best  
I'm sorry I can't take the shame  
I'm sorry but no-one can help me

Strive for success, success, success....

The path I tread is one I have to follow  
There's nothing for second, there's nothing for second  
Still make the same mistakes [x4]  
*Despondent, this empty shell takes it's last breath  
I feel the pain but I still enjoy it*

*One day is in confidence  
The next is in fear  
I think I'll just stay at home  
Because the next I might not see the end of*

*What I thought that I loved I find I despise  
It's killing me slowly, in front of my eyes*

*Try to win the race, the race, the race....*

*[repeat chorus]*

*The future is not all it's cracked to be  
I just apologise for fucking things up again [repeat]*

*Start, fight, defeat, again (oh no not again, not again)  
Competitive to the last, still walk away with nothing,  
nothing....*

*Still make the same mistakes [x4]*

*I wasn't good enough [repeat]  
And I apologize for fuck all*
