Slowly drowning  
Slowly crying  
Frightened to a point  
I'm changing tactics  
Calmly sinking  
Lungs contracting  
But slowly breathing

Drown, drown, drown  
All I've lost is a will to live  
I don't fit in [x4]

*Outcast  
Finding peace now  
Eyes are closed now  
Suffocating  
Demons leaving  
Slowly breathing  
Tears are bleeding  
Isolated*

*Drown, drown, drown  
All I've lost is a will to live  
I don't fit in [x4]*

*Asphyxiating, suffocating [repeat]*

*Call my name as I float away, float away  
Call my name as I float away*

*I've been outcast!*

*If living means suffering with conscience  
Then death seems the only release  
No more nights of insomnia  
No more days of bitterness*

*I've never been accepted  
I've never been part of this  
Now always play the outcast  
I never thought it would come to this [x5]*

*Call my name as I float away*

*Feel my lungs contract!*
