Time and time again you take
What you like won't give it back
Just like my guitar you take
And flump till you break the mat

Not to mention that you take
My song and you raise the track

Yeah I could think that it's
Alright, okay
It's alright

Of the milk in the bottle
And I save it all for you
Every time you come to me
I'll make you happy
Real scream away from me
Mary poppins you will mary me

Take it take it all
That's what you think you wanna
All you want from me

Like an empty soul
You suck me right out of the straw

Yeah I could think that it's
Alright, okay
It's alright

Of the change in my pocket
And I keep it all for you
Every time you come to me
I'll make you happy
Real scream away from me
Mary poppins you will mary me

And all the love in my heart
And I give it all to you
Every time you come to me
I'll make you happy

Of the milk in the bottle
And I save it all for you
Every time you come to me
I'll make you happy

Of the change in my pocket
And I keep it all
And I keep it all for you
I'll make you happy

Mary poppin, mary poppin
Will never green
