Political factions stepping into line
They think they're helping people when they give a nazi
sign
But if they knew the truth of what was going on
There'd be no campaigns or party broadcast songs
They're sitting in the backrooms giving orders out
Go and smash a wog a week and get the bastards
Make a perfect world; is that your fucking aim?
Or are you just another sect who wants it's slice of
fame
Government, law and order, can't you see that that's
the con
Can't you use your fucking heads and see what's going
on?
They're all just rulers to dish the orders out
Go and smash each others side, but leave the people
out
