the fire was there
but now it is out
too many tears
too little applause
the damp ashes
stick there still
and where earlier hope was
is now nothing more

still only dirty snow
from yesterday
if i look in the mirror
i become "sick"
for my face
is so hard, is so cold

i want to be victorious
want to be great
my feelings
i want to be rid of
and now here i stand
and am alone

i have a heart of stone
a mega heart of stone
nothing goes out of it
and nothing fits in

i have a heart of stone
a mega heart of stone
for me it is too large
and for you it is too small

the fire was there
yet now it is out
too many tears
too little applause
i was excessive
but i have lived
when i have finally
before passion trembled
extravagant and arrogant

i ran off myself
i do not believe it
yet your face
is so hard, is so old

i wanted to be victorious
wanted to be great
my feelings
i want ot be rid of
and now i stand here
and am alone

(refran 1)
i have a heart of stone
a mega heart of stone
nothing goes out
and it lets nothing in

(refran 2)
i have a heart of stone
a mega heart of stone
for me it is too large
for you it is too small
