I wrote you a letter
Saying how I couldn't do better
And that's when you told me
That you weren't over me

And now I can't believe what I heard today
That you would say
All those things because you felt bad for me
But really, truly and honestly

CHORUS:

We're over, it's done
You've hit the Homerun
Because I..... I'm never gonna miss you.....
And I can see that that who you are, not me
So go ahead and be it without me

I started to realize
All the effort put into us, was on one side
And now I can't believe what I heard today and
That you would say all those things because you felt
Bad for me, but really, truly, and honestly
We're over, it's done
You've hit the Homerun
Because I..... I'm never gonna miss you.....
And I can see that that who you are, not me
So go ahead and be it without me

One day you'll come back, wanting me
But guess what I won't be there
Because you messed it up, you blew it up
And I really don't care

We're over, it's done
You've hit the Homerun
Because I..... I'm never gonna miss you.....
And I can see that that who you are, not me
So go ahead and be it without me

And I can see that that's you are not me, so go ahead
and be it with out me
