You woke up, headaches  
Car won't start and you're already late  
So you drove fast, too fast  
Yeah, that was a cop you passed  
Teacher pulled a pop quiz, that's right  
Probably shoulda, you should've studied last night  
So you head out lunch time  
Nevermind your card's declined

When life gets this rough  
Don't need to be so tough

This time, this time  
Everything, everything will be alright  
When the clock strikes midnight  
I'm gonna be your hero

Puttin' on my best dress  
So baby don't stress  
I'll be your Princess Charming

You had a bad day, today  
Lost homecoming game  
You're the one to blame  
Called your best friend  
But he bailed  
Straight to voicemail

When life gets this rough  
Don't need to be so tough

This time, this time  
Everything, everything will be alright  
When the clock strikes midnight  
I'm gonna be your hero

Puttin' on my best dress  
So baby don't stress  
I'll be your Princess

I know it's not the way

The story usually goes  
I'm gonna sweep you off your feet  
Make your heart skip a beat

If you've read the fairytales  
Where the boy saves the girl  
Just stop  
Cuz it's not the way it has to be

This time, this time  
Everything, everything will be alright  
When the clock strikes midnight  
I'm gonna be your hero

This time, this time  
Everything, everything will be alright  
When the clock strikes midnight  
I'm gonna be your hero

Puttin' on my best dress  
So baby don't stress  
I'll be your Princess  
I'll be your Princess

This time, this time  
Everything, everything will be alright  
When the clock strikes midnight  
I'm gonna be your hero

Puttin' on my best dress  
So baby don't stress  
I'll be your Princess Charming
