Second time around  
You think maybe it could be different  
Started off better than before  
But stupid me  
I thought you had changed

But too bad you're still you  
Still immature, maybe more  
But now I see  
That you and me  
Are not meant to be

You could've told me that  
Maybe a year ago  
You wouldn't go so low  
You could've told me that  
You were never gonna show me that  
You never told me though  
You never showed me no  
You could've told me that  
You could've told me

Got too scared to stay in love  
Thanks for telling me after you fell  
I swear that this is the last song  
Because honestly,  
You're not worth it anymore

But now I see  
That you and me  
Are never gonna be

You could've told me that  
Maybe a year ago  
You wouldn't go so low  
You could've told me that  
You were never gonna show me that  
You never told me though  
You never showed me no  
You could've told me that  
You could've told me

This time was no maybe possibly  
I didnt even shed a tear  
Im not fighting this love anymore  
Because I surrender

You could've told me that  
Maybe a year ago  
You wouldn't go so low  
You could've told me thats

You could've told me that  
Maybe a year ago  
You wouldn't go so low  
You could've told me thats  
You were never gonna show me that  
So now i know  
Im gonna let you go  
Im gonna tell you that  
Im gonna tell you
