Too cool for my dress, these shades don't leave my
head

Everything you say is so irrelevant

You follow in my lead, you want to be like me

But you just don't want to be loved and hated

I can't help the way I am

Hope you don't misunderstand

[Chorus:]

But I'm too cool, yeah I'm too cool

To know you

Don't take it personal, don't get emotional

You know it's the truth

I'm too cool for you

You think your hot but I'm sunny, you're not

Exactly who do you think you are, can tell you what you
haven't got

When we walk into the room

I'm too cool for you

You're lucky I'm so nice

Even I'm surprised

You are still allowed to be in my crew

Show you how it's done

If you want to be someone

Just watch me, and you'll learn some

Me, myself, and I agree

You'll never catch up with me

[Chorus]

You see

I'm all beauty, brains, and talents

And I got it all

Well others have to try all their lives

Still they never get the call

That's the difference between you and me

Obviously

I'm a natural, I'm the real deal

I can't help the way I am
Hope you don't misunderstand

But I'm too cool
Yeah I'm too cool
To know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you [x2]
