I can feel like you're burning when I walk away  
Let me be your accomplice before its too late  
I am strong  
I am willing  
don't you hesitate  
Just trouble me

Take a moment  
Take the rest of your life  
I'm not going anywhere  
I'll be your shelter in the darkest of nights  
When you wake, darlin, I'll be there by your side

Just trouble me  
If you're hurting inside  
Just trouble me  
When you're unsatisfied  
Just trouble me  
I can be your addiction if you'd only see  
Just trouble me

There's a ghoul  
That surrounds you like the coldest sea  
But I will swim  
Better reach you  
If it sets you free  
In a world of illusions

I'm a guarantee  
Just trouble me

There's nothing you can do to turn me away  
I'm constant as the north star  
Let me try to take away all your pain  
Pour out your heart  
there's no need to explain

Just trouble me  
If you're hurting inside  
Just trouble me  
When you're unsatisfied  
Just trouble me

I can be your addiction if you'd only see

(Just trouble me)

(Just trouble me)

Just trouble me

If you're hurting inside

Just trouble me

When you're unsatisfied

Just trouble me

Just trouble me

Just trouble me

Ooooooooooooooh
