Everyone says I'm too strong,
Like a lock that's missing its key.
You can look but you won't find,
What it takes to get into me.
Everytime you get too close,
Everything about me gets weak.
(Daddy's girl) Can never let him know.

(C'mon!) I tell myself you're not gonna shake me.
I tell myself you're too weak to tame me.
I tell myself it's no use it's too late.
I'm falling in love for that I hate you.
Can't fight it as hard as I try.
I'm falling in love for that I hate you.
Helplessly out of my mind. (Whoa!)

Everyone around me says,
All the best things in life are free.
When it comes to finding love,
The only one that's paying is me.
Everytime you look my way,
The walls around me get weak.
(Daddy's girl!) Don't ever let it show.

I tell myself you're not gonna break me.
I tell myself you're not gonna make me.
I tell myself it's no use it's too late.
I'm falling in love for that I hate you.
Can't fight it as hard as I try.
I'm falling in love for that I hate you.
Helplessly out of my mind. (Whoa!)

(no,no,no) Don't wanna be no sucker for you.
(no,no,no) No street performing puppet on a queue.
I've tried so hard, don't want to end up your fool.
(no,no,no) No! No! I know it's no use!

Now I'm falling in love.
I'm going out of my mind.
I can't fight it that's why.
Boy that I hate you.

And now I'm falling in love.
Can't fight as hard as I try.
I'm going out of my mind.
For that I hate you!

I'm falling in love for that I hate you.
Can't fight it as hard as I try.
I'm falling in love for that I hate you.
Helplessly out of my mind. (Oh)

I'm falling in love for that I hate you.
Can't fight it as hard as I try. (As hard as I try)
I'm falling in love for that I hate you.
Helplessly out of my mind. (Oh.)

And now I'm falling in love.
I fight as hard as I try.
I'm going out of my mind.
For that I hate you.
And now I'm falling in love.
I fight as hard as I try.
I'm going out of my mind.
For that I hate you. (more)
