I'm too cool for my dress
These shades don't leave my head
Everything you say is so irrelevant
You follow and I lead
You wanna be like me
But you're just a wannabe
Love it or hate it

I can't help the way I am
Hope you don't misunderstand

[Chorus:]
But I'm too cool, too cool
I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you

You think your hot
But I'm sorry you're not
Exactly who do you think you are
Can tell you what, that you haven't got
But when we walk into the room
I'm too cool for you

You're lucky I'm so nice
Even I'm surprised
You are still allowed to be in my crew
I'll show you how it's done
If you want to be someone
Just watch me and you'll learn some

Me, myself, and I agree
You'll never catch up with me

'Cause I'm too cool, too cool
I'm too cool to know you
Don't take it personal
Don't get emotional
You know it's the truth
I'm too cool for you

You think your hot
But I'm sorry you're not
Exactly who do you think you are
Can tell you what, that you haven't got
But when we walk into the room
I'm too cool for you

You see some are born with beauty
Brains and talent and they got it all
While others simply try all their lives
Still they never get the call
That's the difference between you and me
Obviously, I'm a natural,
I'm the real deal, yeah

I can't help the way I am
Hope you don't misunderstand

[Chorus:] [2X With variation]
