I knew it from the start
You'd be the one to break my heart
I knew it from the start
Watched it all fall apart

Take my hand when you come around
When you're coming down I'll be standing right here
You say, look at me that way
Wanting me to stay
You know I won't dear

Chorus:
I don't believe in love
Anymore
I don't believe anymore in love
I don't believe in love
Anymore
I don't believe anymore in love

I was coming home to you
Oh, the year that I'd been through
I was coming home to you
No one knows me like you do

Take my hand
Yours is heavy now
Falling from your mouth
How you said 'I do'
Oh no, feel my fingertips
On your taken lips
And I'm the fool now

Chorus

Turn the lights down
Don't make a sound

We will never be
Oh, as far as I can see
We will never be
No one here would disagree
We will never be

You don't have to make a scene
We will never be
She loves you and
He loves me

Chorus

I knew it from the start
I knew it from the start
