I saw you there  
Standing near  
Waiting for a train  
To take you away from here

I was there  
Beside you  
On the platform  
You decided to go on your way

The wind is cold  
Silent breeze of a memory makes it colder

Where have you been sweet child of mine?  
I've cried so many tears knowing you suffer  
No matter what you've done  
All this time I wanted to tell you  
You're welcome home

I'm still here  
To hold you near  
To let you heal through my wounds  
I never left you alone
