I saw you with her the other day
Looking like you're happier this way
But I know that you think about me
She is having your baby
Do you think it was a mistake?
Should have worn your raincoat that night
I know things get a little crazy
People get a little shady
And you have to move on
I know I couldn't keep you in my pocket
Life just kind of stopped it and we had to move on
Does your momma ask about me?
Does your daddy know what you did to me?
Am I better off without you?
Cuz I thought you were my ricardo
I thought I was your lucy
We were gonna have a family
Go to soccer games and all that shit
Well I know things get a little crazy
People get a little shady and you have to move on
I know I couldn't keep you in my pocket
Life just kind of stopped it and we had to move on
But I know that you think about
I know that you think about
I know that you think about
I know that you think about me
I know that you think about
I know that you think about
I know that you think about me
I saw you with her the other day
Looking like you're happier this way
But I know that you think about me
