You never change  
Although this world cries in travail  
You took the blame  
'Though through your word this world was made  
You chose the pain  
Although in glory you were born to live  
You didn't die in vain  
You won the death and rose up again

You are the only one  
Whose power reigns forever  
It shall be complete  
That you have won the enemy

You gave your life to save  
Us from the sheol's dark despair  
Through your wounds you paid  
The price that brought us freedom  
The life will never end  
The death is only a door to pass  
You didn't die in vain  
You won the death and rose up again
