"Head In Clouds"

Stop, stop talking about these clouds
I want this rain to stop falling down
It's time for you to take this chance
So take my hand and join this dance

I'm staring at you with your striped sweater
Talking with your friends I suppose they don't deserve
you
Please forgive me if I said that I don't feel good in your
bed

(Forget about it)

What are you waiting for?
What are you waiting for to decide
I'm waiting for a sound
What are you waiting for?
There is no time to cry
Don't let these chances fade away

All that I have is this feeling
(To help me and)
Carry on for one more day
(Don't know if I can)
Just because you say it's the cure
(Don't mean it works)
Now I'm waiting for a sound... for a sound
