Syste-e-e-e-em

In the corner-er, I'm just thinki-ing, what's a girl
supposed to do-oo-oo
I love you baby-y from a dista-ance, I've been watching
you-ou-ou-ou
All of my friends use a cute li-ine, seems to work
everyti-ime
But I can't seem to-oo get through to you-ou, dreamin's
all I do

Everybody's got a system, syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
What've I got to do to prove my love for you

When I see you, wish I could hold you, but I just don't
know what to do-oo
Everybody seems to know the ways of gettin' through-ough-ough-ough
I keep my eyes on what you're doin', even smile or
stare at you-ou
Why don't you see me in the corner, I'm so in love with
you...

Everybody's got a system, syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
What've I got to do to prove my love for you
Everybody's got a system, syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
What've I got to do to prove my love for you

Everybody (why-why) everybody, my love
Everybody (why-why) everybody, my love

In the corner-er I'm just thinking (I'm thinking)
What's a girl supposed to do-oo-oo (suppo-osed to do)
I love ya baby-y from a dista-ance (distance)
I've been watching you-ou-ou-ou

Everybody's got a system, syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
What've I got to do to prove my love for you
Everybody's got a system, syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
What've I got to do to prove my love for you
Everybody's got a system, (syste-e-em) syste-em
Why's mine not workin' on you
If I could make you liste-e-en, liste-en
