Who's gonna catch you baby
Who's gonna catch you baby
Who's gonna catch you baby

When there's doubt we found out
It's so much easier to walk away than fall in love
No one knows how love goes
But it can take you to the highest heights and let ya
down

So tell me
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who's gonna catch ya, catch ya, catch ya, when you fa-
a-all
Yeah-eah, yeah-eah, yeah-eah, yeah-yeah

On any street you could meet
Someone who tells you that you're gonna be his
everything
One fine day he could walk away
Leaving you all alone without a dream to hold on to

So tell me
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who's gonna catch ya, catch ya, catch ya, when you fa-
a-all
Yeah-eah, yeah-eah, yeah-eah, yeah-yeah

Don't you know what a love can do
It can break the heart of a girl like you
Don't you see you ain't strong enough
To take the pain when you fall in love
Don't you know what a love can do
It can break the heart of a girl like you
Don't you see you ain't strong enough
To take the pain when you fall in lo-o-ove, oh-woh-oh

So tell me
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who's gonna catch ya, catch ya, catch ya, when you fa-
a-all
Yeah-eah, yeah-eah, yeah-eah, yeah-yeah

So tell me
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who's gonna catch ya, catch ya, catch ya, when you fa-
a-all
Yeah-eah, yeah-eah

Yeah, tell me
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who-who, who's gonna catch ya - who's gonna catch
you baby
Who's gonna catch ya, catch ya, catch ya, when you fa-
a-all
Yeah-eah, yeah-eah
