The situation is gettin' boring
You're not gonna spoil another day
I don't expect you to be calling
You're always gonna act that way

You've said those lines so many times
I've heard it all before
What makes you think that I will keep
Hangin' round for more?

If you wanna be the one, be the one
Who moves my heaven and earth
You wanna be the one, be the one
Who shares my hunger and thirst
You see the other ones are hanging on, ooh-ooh
They've got nothing on you
You wanna be the one, be the one
The only one

You say you're hooked on me
But where were you last night?
Because when you looked at me, yeah
You couldn't hold my eye

Saying things you never mean
It's no big surprise
But telling me that you're the one
I'm tired of the lies

If you wanna be the one, be the one
Who moves my heaven and earth
You wanna be the one, be the one
Who shares my hunger and thirst
You see the other ones are hanging on, ooh-ooh
They've got nothing on you
You wanna be the one, be the one
The only one

I've got no time for bitterness
I wanna move away from this
I've found myself somebody

Be the one, be the one
Who moves my heaven and earth
You wanna be the one, be the one
Who shares my hunger and thirst
You see the other ones are hanging on, ooh-ooh
They've got nothing on you
You wanna be the one, be the one
The only one

I've got no time for bitterness
I wanna move away from this
I've found myself somebody
