Loving you madly will be forever
I see the ocean in your eyes when we're together
There are no boundaries, there are no limits
My heart has been embraced now that you're in it

Hold me closer to your dreams
Closer to your fears
Close to hear your laughter
Hold me when you're close to tears

Time passes by seconds into minutes
Every field and flower fades but love is infinite
There are no boundaries, there are no limits
My heart's a bigger place now that you're in it

Hold me closer to your dreams
Closer to your fears
Close to hear your laughter
Hold me when you're close to tears
I wanna be the one (be the one)
You tell your secrets to
All I want is to be closer (closer)
Closer (closer) to you

How tight can you hold me?
How long can we stay awake?
How hard can we laugh?
How much love can we make?

Hold me closer to your dreams
Closer to your fears
Close to hear your laughter
Hold me when you're close to tears
I wanna be the one (be the one)
You tell your secrets to
All I want is to be closer (closer)
Closer (closer) to you

Closer...
