I like it when we do it this way  
Remember this, listen

Feel me now (feel me now)  
This is your chance to show me  
What you're about (what you're about)  
I'm yours for now  
I'll show you  
Feel me now (feel me now)  
Come play with me  
Don't be afraid  
All I want (all I want)  
Is what you need (is what you need)

When I get wanted, I give you what you want  
It's all about the different layers of my body, right?  
Just explore me, don't let me move  
Please go down, if you take the lead I won't mind  
'cause I'm a woman, and a woman needs to feel  
pleasure  
And the pleasure is all mine

You're the chosen one  
To fulfill my every need  
You've got that touch indeed  
And I could've had anyone  
But you're the one  
But you're the one

Feel me now (just feels so good)  
This is your chance to show me  
What you're about (I wanna feel everything)  
I'm yours for now  
I'll show you  
Feel me now (feel me now)  
Come play with me  
Don't be afraid (just give me your everything)  
All I want (just close your eyes)  
Is what you need (and feel my everything)

Yeah, this feels really good, really good, just tickle me  
Torment all my tastes, just make it go faster please...

please  
I know you know what you are doing  
Just do it good and don't let me down  
Close your eyes feel it, feel it all

You're the chosen one  
To fulfill my every need  
You've got that touch indeed  
And I could've had anyone  
But you're the one  
But you're the one

Feel me now (just feels so good)  
This is your chance to show me  
What you're about (I wanna feel everything)  
I'm yours for now  
I'll show you  
Feel me now (feel me now)  
Come play with me  
Don't be afraid (just give me your everything)  
All I want (just close your eyes)  
Is what you need (and feel my everything)

Just give your everything  
'Cause I want to feel your everything  
And I could've had anyone  
But you're the one  
Yeah you know what I'm sayin

Feel me now (feel me now)  
This is your chance to show me  
What you're about (what you're about)  
I'm yours for now  
I'll show you  
Feel me now (feel me now)  
Come play with me  
Don't be afraid  
All I want (all I want)  
Is what you need (is what you need)

Feel me now (just feels so good)  
This is your chance to show me  
What you're about (I wanna feel everything)  
I'm yours for now  
I'll show you  
Feel me now (feel me now)  
Come play with me  
Don't be afraid (don't be afraid)  
All I want (all I want)  
Is what you need (is what you need)

Listen, listen can you hear it?  
I can feel it and hear it  
Just close your eyes  
Just feel it, feel it one time  
Do I need to say anymore?  
No I don't think so  
One thing, I think we should do this more often...  
Don't you?
