"Feel So Good"

Visit "[Feel So Good](#)" on MotoLyrics.com

I was gonna get all soft and smoochy
(Oh yeah) I love you baby (oh yeah)
(Oh yeah) I love you baby (oh yeah)
(Oh yeah) I love you baby (oh yeah)

Yipee

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels
Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide

Let's go from the very start
When we met you and I were inseperable
All at once we swapped our hearts
Knowing that we had it right
People got involved with us
I should have pushed them all away
Now I know what went wrong
Why did is take me so long

Lovin' you, lovin' you, is the easy part
Now I know, now I know, what to do with it
Me and you, me and you, keeping it tight
Cos two of a kind makes us so right

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels
Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide

Partnerships have ups and downs
Understand you and I are not alone

Feeling real normality
Come on put your trust in me
Believe in me when I say
Everyone can keep away
Now I know what went wrong
Why did it take me so long

Lovin' you, lovin' you, is the easy part
Now I know, now I know, what to do with it
Me and you, me and you, keeping it tight
Cos two of a kind makes us so right

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels
Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide

I know how I want you
I know how I need you
Together we'll always be
Ever after happily
Feeling free you and me
No one can touch us now
That is how it's got to be

Each passing day, we grow stronger still
Like the after taste of a bitter pill
Keep the hurt and pain far away from me
Warm me in your glow of the ecstasy

Ladies holla if you hear me (oh yeah)
Fellas holla if you feel me (oh yeah)
Everybody can you see me (oh yeah)
Cos two of a kind makes us so right

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels
Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels

Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide

Oh yeah, Oh yeah, Oh yeah, Oh yeah

I love you baby (oh yeah)
I need you baby (oh yeah)
I love you baby (oh yeah)

Oh yeah, feels so good
I'm loving you like I should
Remembering how it feels
Letting go to have you near
Oh yeah, feels so good
I never thought that it could
My feelings are deep inside
This love I found won't ever hide
