I'm gonna get all soft and smoochy

(Oh yeah) I love you baby (oh yeah)

(Oh yeah) I love you baby (oh yeah)

(Oh yeah) I love you baby (oh yeah)

Yipee!

Oh yeah, feels so good

I'm loving you like I should

Remembering how it feels

Letting go to have you near

Oh yeah, feels so good

I never thought that it could

My feelings all deep inside

This love I found won't ever hide

Let's go from the very start

When we met you and I were inseperable

All at once we swapped our hearts

Knowing that we had it right

People got involved with us

I should have pushed them all away

Now I know what went wrong

Why did it take me so long

Lovin' you, lovin' you, is the easy part

Now I know, now I know, what to do with it

Me and you, me and you, keeping it tight

Cos two of a kind makes us so right

Oh yeah, feels so good

I'm loving you like I should

Remembering how it feels

Letting go to have you near

Oh yeah, feels so good

I never thought that it could

My feelings all deep inside

This love I found won't ever hide

Partnerships have ups and downs

Understand you and I are not alone

Feeling real normality  
Come on put your trust in me  
Believe in me when I say  
Everyone can keep away  
Now I know what went wrong  
Why did it take me so long

Lovin' you, lovin' you, is the easy part  
Never know, never know, what to do with this  
Me and you, me and you, keeping it tight  
Cos two of a kind makes us so right

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings all deep inside  
This love I found won't ever hide

I know how I want you (oh yeah)  
I know how I need you (oh yeah)  
Together we'll always be  
Ever after happily  
Feeling free (oh yeah)  
You and me (oh yeah)  
No one can touch us now  
That is how it's got to be

Each passing day, we grow stronger still  
Like the after taste of a bitter pill  
Keep the hurt and pain far away from me  
Warm me in your glow of sunny ecstasy

Ladies holler if you hear me (oh yeah)  
Fellas holler if you feel me (oh yeah)  
Everybody can you see me (oh yeah)  
Cos two of a kind makes us so right (yippee)

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings all deep inside  
This love I found won't ever hide

Oh yeah, feels so good  
I'm loving you like I should

Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings all deep inside  
This love I found won't ever hide

Yippe (yipee)  
Oh yeah, Oh yeah, Oh yeah, Oh yeah

Yipee (yipee)

I love you baby (oh yeah)  
I love you baby (oh yeah)  
I love you baby (oh yeah)

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings all deep inside  
This love I found won't ever hide
