Light comes in I watch you wake
Wanting you so much my heart could break
To touch your skin, to feel your hair
I'd follow you anywhere

Light goes out, I watch you sleep
Never imagined love so deep
I close my eyes to breathe the air
I'd follow you anywhere

And the waves that wash over me, wash over you

Follow me, I'll follow you
Through your dreams to secret places
Here's my hand, just take it, do as I do
I'll follow you

Nobody knows who made the stars
Baby, the whole world is ours
From Liverpool to Leicester Square
I'd follow you anywhere

The angels that watch over me, watch over you

Follow me, I'll follow you
Through your dreams to secret places
Where nobody can trace us, we'll make it through
I'll follow you

And the waves that wash over me wash over you

Follow me, I'll follow you
When nobody can find you
I'll be right behind you, you'll make it through,
I'll follow you

Follow me, I'll follow you
Through your dreams to secret places
Here's my hand, just take it, do as I do
I'll follow you
