[Spoken]

Wait...

Before you leave

I've got something to say

So listen to me

I know you wanted to hate me

When you found out that I lied

I wanna spend eternity

But you say you've been deceived

Now you say you wanna leave

But I say

Hell no, hell no

I won't let you leave this time (no oh)

Hell no, hell no

Don't act like you never lied to me

Hell no, hell no

My actions are not justified

Remember the many nights I cried

So hell no you can't leave me this time

Now under the circumstances

Do you remember what you did to me

When I found out that other hooches pictures

Had 'em hid inside a Dru Hill cd

I'm not trying to go back and forth

I'm just trynna let you know

I've forgiven you a hundred times

Baby I'm not gonna let you go so

Hell no, hell no (hell no, hell no)

I won't let you leave this time (don't leave me)

Hell no, hell no

Don't act like you never lied to me

Hell no, hell no (ooh no)

My actions are not justified (I'm so sorry baby)

Remember the many nights I cried

Hell no you can't leave... this time

This time

Don't leave me no

I'll be here if you stay  
So stay right here

No no

Hell no, hell no  
I won't let you leave this time (don't leave me)  
Hell no, hell no  
Don't act like you never lied to me (oh don't you go  
away)  
Hell no, hell no  
My actions are not justified (I'm so sorry, I'm so sorry  
baby)  
If I forgave you baby when you left  
Hell no you can't leave me this time

Hell no, hell no  
I won't let you leave this time (what do you think, do you  
think I can be all alone)  
Hell no, hell no  
Don't act like you never lied to me (but you lied to me  
before, yes you have)  
Hell no, hell no  
My actions are not justified (can you forgive me, can  
you forgive me baby)  
Hell no  
Hell no you can't leave me this time

Don't leave me, no

So stay right here...
